DevOps

Bangalore, India | +91-9449530539 | guru2024g3@outlook.com | linkedin.com/in/k-guru-prasad

PROFESSIONAL SUMMARY

DevOps and AWS Cloud Engineer with 1 year of hands-on experience specializing in cloud infrastructure, CI/CD automation, and containerization. Proven track record in optimizing development lifecycles using Jenkins, Docker, and AWS. Adept at leveraging GenAI tools (GitHub Copilot, Gemini) and low-code platforms (n8n, Power Automate) to accelerate automation, streamline workflows, and enhance system reliability.

TECHNICAL SKILLS

- **Cloud & Infra:** AWS (EC2, EKS, S3, VPC, RDS, IAM, Auto Scaling, Route53, CloudWatch), Azure
- **CI/CD & Automation:** Jenkins, GitHub Webhooks, GitLab CI/CD, Ansible, Terraform (IaC)
- **Containers & Monitoring:** Docker, Kubernetes, Helm, Prometheus, Grafana, Azure Log Analytics
- **Tools & OS:** SonarQube, Git, GitHub, GitLab, ValGenesis, Linux (RHEL), Windows Server
- **GenAI & Low-Code:** GitHub Copilot, Claude, Gemini, n8n, Power Automate
- **Scripting:** Python, Bash

PROFESSIONAL EXPERIENCE

Joules to Watts (J2W) | DevOps **Apr 2025 – Present**

- **CI/CD Pipelines:** Built and maintained end-to-end Jenkins pipelines integrated with GitHub/GitLab webhooks to automate build, test, and deployment stages.
- **Quality & Security:** Integrated SonarQube for static code analysis and quality gates; managed security access policies via AWS IAM and Azure Active Directory.
- **Containers & IaC:** Developed Dockerfiles, managed container images, and provisioned multi-cloud infrastructure (AWS & Azure) utilizing Terraform.
- **Monitoring & Automation:** Configured CloudWatch Alarms and Azure Alerts to monitor system metrics; built automated workflows using AWS Lambda, Power Automate, and n8n to streamline notifications and routine operations.

Newwave Computing Limited | MFG IT Engineer **May 2024 – Apr 2025**

- **Compliance & GxP:** Managed equipment installation and validation using ValGenesis; drafted IQ/OQ and CSV documentation.
- **Infra Support:** Administered Windows Server environments, conducted compliance access reviews, performed system backups, and resolved manufacturing floor HMI/automation system faults.

Newwave Computing Limited | IT Desktop Support Engineer **Jun 2022 – May 2024**

- **IT Operations:** Provided remote and on-site support across enterprise Windows environments, managing Office 365, DNS, user access control, and corporate asset deployment.

PROJECTS

- **Automated CI/CD Pipeline (Jenkins & GitHub):** Engineered an automated pipeline triggered immediately via GitHub Webhooks upon code commits, embedding SonarQube quality checks to guarantee code health before deployment.
- **2048 Game Deployment (Docker & AWS EC2):** Containerized a 2048 web app using Docker and deployed it onto an AWS EC2 instance with persistent EBS storage, achieving public accessibility and system stability.

CERTIFICATIONS

- **Microsoft Certified: Azure Administrator Associate (AZ-104)**
- **AWS Certified Solutions Architect – Learnmore Technology**
- **Certification in Chip-Level Laptop & Desktop Hardware Troubleshooting**

EDUCATION

- **Bachelor of Computer Applications (BCA)** – St. Vincent Pallotti College, Bengaluru
